

PORTFOLIO DEVELOPMENT

ART & DESIGN COLLEGE PREP | KIM ART STUDIOS

PORTFOLIO PROGRAM

The portfolio development program prepares students for the high demands of art colleges by training them in the fundamentals of art and design in addition to developing an outstanding art portfolio for college entrance. By offering students a foundation in art, we are giving them a head start in their art and design careers.

FACULTY

Our faculty of talented art instructors are graduates from some of the top art & design colleges in the country such as Otis College of Design and Art Center College of Design. They have the knowledge and understand what it takes to get into these highly selective art colleges.

SUCCESS

For over 10 years, Kim Art School has continued to successfully help Portfolio Development students get into some of the top art & design colleges in the United States. Many of our students have also received scholarships to these highly competitive schools.
